

A9 Dualling

Luncarty to Pass of Birnam project

Project update

JANUARY 2019

Overnight closures of the A9

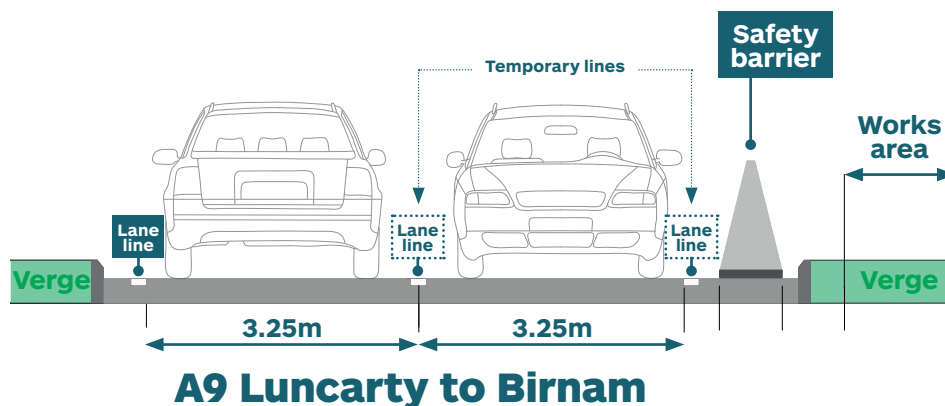

Four overnight closures of the A9 north of Perth, between Luncarty junction and the A923 Dunkeld junction, north and southbound, are planned from 8:30pm to 6am on the following nights:

- Friday 22 February 2019
- Saturday 23 February 2019
- Sunday 24 February 2019
- Monday 25 February 2019

These closures are required to install a temporary safety barrier at various points along the 9.5km route to create a safety zone between the live traffic and construction workers.

Once installed, Balfour Beatty will begin the main construction works to dual the carriageway between **Luncarty and Pass of Birnam** as part of the Scottish Government's £3 billion A9 Dualling Programme.

This traffic management has been scheduled overnight to minimise the impact to road users following consultation with key stakeholders including Police Scotland, BEAR Scotland and Perth and Kinross

Narrow lanes will be used for the duration of the project

Closure dates

■ **22, 23, 24, 25
February 2019
8.30pm to 6am**

**Contingency dates:
1, 2, 3, 4 March 2019
8.30pm to 6am**

Council. All traffic should follow the signed diversion routes as outlined on the map – see reverse.

Preparatory works

In advance of the four overnight closures, traffic management will be required overnight to install narrow lanes and safety cameras to enforce a reduced speed limit of 40mph through the works area. Once installed, these restrictions will remain in place until completion of the project in Spring 2021. This traffic management will commence as follows:

- **From Monday 4 February, 7:30pm to 6:30am – Luncarty to Bankfoot (southern extent of the project)**
- **From Monday 11 February, 7:30pm to 6:30am – Bankfoot to Gelly (northern extent of the project)**
- **These planned works are weather dependent and may require contingency dates.**

Advice to road users

During the closures, we advise road users to avoid the area completely if at all possible. If travel is unavoidable at these times, please plan ahead and allow additional time for your journey.

Local Access

Local access to the communities of **Luncarty**, **Stanley** and **Bankfoot** will be maintained at all times via the local road network for the duration of the four overnight closures.
