

Mini Air Zooka Instructions

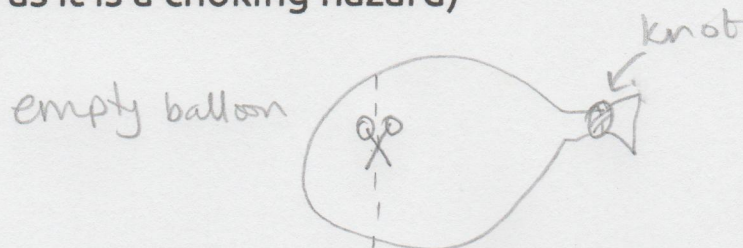

Check for latex allergy, balloons a choking hazard for under 3s

Get a plastic bottle with the bottom cut off

Remove the bottle top

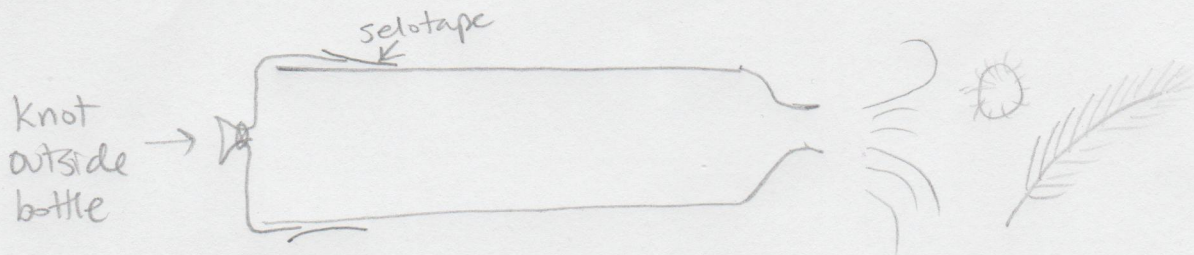

Get a latex balloon and tie a knot in it as if it was inflated.

Use scissors to cut the rounded top of the balloon off (dispose of carefully as it is a choking hazard)

Stretch the balloon over the bottle end with the knot ~~+~~ outside the bottle

selotape the balloon in place.

test your mini air zooka by zooking some air at feathers or

pom poms

put your name on it

(optional decorate with pens or stickers)

take it home in your bag with a pom pom/ feather to test it with.
